European Brokerage Event on Environmental Solutions

Invitation

The EU Co-operation Unit of Bayern Innovativ, a partner in the Enterprise Europe Network, is organising for the 4th time the "European Brokerage Event on Environmental Solutions" to find partners to support international technology transfer, business co-operation and collaborative research.

The event is taking place in the framework of the IFAT ENTSORGA 2010, the 16th International Trade Fair for Water, Sewage, Refuse and Recycling.

It aims to initiate business and technology co-operation – such as sales and distribution, license agreements, joint ventures, commercial agreements with technical assistance or European collaborative research projects - by offering pre-arranged bilateral company meetings.

Especially invited are institutions and initiatives that are offering financing and funding services or support for regional and international projects.

Thematic focus of the Brokerage Event:

- **water / waste water**
- **recycling / "urban mining"**
- **waste-to-energy**

Take the chance to benefit from new technologies and services or promote your own competences.

The EU Co-operation Unit of Bayern Innovativ and further partners of the Enterprise Europe Network look forward to welcoming you to the European Brokerage Event in Munich.

Programme

Wednesday, 15 September 2010

09:00 onwards	Check-in / Registration
