Enterprise Europe Network

Building European Innovation and Technology Cooperation

Our Services:

Technology Database

In the online database you find more than 4000 innovation opportunities, updated on a regular basis - offers and requests of European companies and research organisations.

Express your interest online!

-> www.swisseen.ch/database

Technology e-Alert

Define your domain of interest by means of technology keywords. Hence you will receive the latest innovation opportunities by e-mail regularly.

-> www.swisseen.ch/alert

Technology Promotion

Are you looking proactively for technology recipients or providers? Create your own technology offer or request with our support. We will disseminate your technology profile anonymously via the Enterprise Europe Network in over 40 countries. You will receive between 3 and 10 Expressions of Interests and it is your decision with whom you would like to get in contact.

Brokerage Events & Company missions

Meet potential cooperation partners in a targeted way in pre-arranged bilateral meetings in the frame of our Brokerage Events and Company Missions at trade fairs and conferences. Thereby you will have the opportunity to speak with several potential cooperation partners identified prior to the event.
